To Whom It May Concern,

It is my honor to recommend Christopher Cadoret for the position of SMB Retail Manager. I have had the great pleasure of working with him in numerous roles within Verizon over the last 5 years and can thoroughly vouch for his character and his abilities.

For as long as I have known Chris, I have been impressed by his leadership style and ability to foster an environment that not only drives results but development. He is guided by respectable principles and exhibits these traits daily with his commitment to his customers, his team and Verizon. He has proven to be an effective leader by leading his teams to remarkable growth not only in his current SMB role, but as well as in his previous role as a General Manager.

Along with his undeniable talent, Chris has always gone above and beyond what his role consists of. He uses his enthusiastic and highly motivated traits to help further develop those around him to personal and professional growth. During my experience within Verizon I have witnessed him develop numerous employees, including myself, in furthering our careers within Verizon.

I truly believe Chris will be a valuable asset and a consistent top performer on any team that he chooses to join, which is why I confidently recommend him for this position. Please feel free to contact me at (352) 601-1551 should you like to discuss Chris' qualifications and experience further. I would be happy to expand on my recommendation.

Sincerely,

Rebecca DeMarco
Solutions Manager
Verizon Wireless
