June 19, 2019

Dear Jennifer Freeman,

It's my pleasure to offer my recommendation for Christopher Cadoret for the position of SMB retail manager. I had the pleasure of working for him as a retail sales representative during my first year with Verizon. Responsible, motivational, and caring, Chris was among the best management talent at Verizon I've had the pleasure to work for.

I was continuously impressed by the leadership he brought to the table and his dedication to mentoring me and my co-workers. Chris combined sharp leadership skills with a strong ability to motivate, and I always knew I could rely on him to be present when needed. During my time under his tutelage, we achieved numerous accomplishments from winning contests, to significantly outperforming our assigned quotas. He always had the right touch in keeping us motivated. I eventually ended up getting promoted in the B2B channel. I credit Chris's early influence in my career that has led me to success in my career at Verizon.

With that said, I am highly confident in my recommendation and believe Chris would be a great fit for the position. If you would like to speak further about my experience working with Chris, please feel free to email me or call me at 785-249-9504.

Sincerely,

Koray Cagliergin  
Major Account Manager
